RALLY AGAINST WAR

After US tragedy
Stop the drive to war

NO TO BOMBING AFGHANISTAN

THE TERRIBLE tragedy that occurred in the US has shocked the world.

Thousands of innocent people lost their lives in the horrific attack. The action must be condemned outright.

But US plans to respond to this event by bombing Afghanistan must also be opposed.

More innocent lives will be lost and a bad situation will be made much worse.

The experience of western bombing against Iraq and ten years of UN sanctions have been a disaster.

Half a million children have died as a result of sanctions. Innocent people suffer. Corrupt rulers stay in power.

Western rulers also want to escalate the arms race after the US tragedy. But producing more weapons of mass destruction will do nothing to bring justice and peace to the world.

We need to build a mass movement against war. We need to demand an end to the huge injustices and inequality in the world that produce conflict and war.

Come to this public meeting and hear the case against bombing and war.
